The cheapest and most effectual Dip in the market.

It costs a fifth of the price of Tobacco Dips.

It is the best of application, cold water only required.

It is the only Dip that is so durable in the wool as to keep the sheep clean

and free from contagion from dipping to shearing, thus saving a great deal

of valuable time and labor to the breeder during the winter months.

It is fast becoming the favorite Dip throughout the world, as it never fails
